

Memorandum

Date: July 3, 2012

Agenda Item No.8(M)(8)

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

A handwritten signature in dark ink, appearing to read "Carlos A. Gimenez", written over the "From:" field.

Subject: National Health Transport, Inc. Application for a Transfer of Certificate of Public Convenience and Necessity No. M-12

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the transfer of Certificate of Public Convenience and Necessity (COPCN) No. M-12 from Florida Medi-Van Ambulance Service, Inc. to National Health Transport, Inc.

SCOPE

The Certificate of Public Convenience and Necessity provides for countywide operation.

FISCAL IMPACT/FUNDING SOURCE

There is minimal fiscal impact to the County. Florida Medi-Van Ambulance Service, Inc. is an existing provider of ambulance service. The transfer application fee collected, as established by Implementing Order 4-107, was \$1,500.

TRACK RECORD/MONITOR

National Health Transport, Inc is an existing permit holder with forty-three (43) Certificates of Public Convenience and Necessity to provide nonemergency medical transportation service. The Department of Regulatory and Economic Resources will be responsible for monitoring this company.

BACKGROUND

Chapter 4, Article I of the Miami-Dade County Code (Code), which governs ambulances, requires Certificates of Public Convenience and Necessity to be approved by the Board. Section 4-4 (g) of the Code provides that any change in the ownership structure of a Certificate Holder that results in a change or the possibility of change in control must also be approved by the Board. The transfer of a certificate requires that a public hearing be held. In reaching its determination, the Board shall consider the application, the County Mayor's report and recommendation, all matters presented at the public hearing and the following criteria:

- The financial ability of the applicant to provide the proposed services;
- The adequacy of the management plan;
- Any recommendations from municipalities;
- The benefits that will accrue to the public interest;
- The community's need for the proposed service, including a response time analysis of existing private providers for the previous three (3) years as compared to benchmark response times stated in each provider's most recent application and the quality of existing services as determined by the results of the comprehensive market survey conducted during the year preceding the term for certificate renewal and acceptance of new applications.

Florida Medi-Van Ambulance Service, Inc. has been providing ambulance service in Miami-Dade County since 1990. The company is currently authorized to operate eighteen (18) active units and four (4) spare units. In March 15, 2011, the Board approved the transfer of the company's shares of stock to National Health Transport, Inc. (Resolution R-199-11). In April, 2012, the company informed the County that as part of a corporate restructuring plan, they decided to transfer Certificate of Public Convenience and Necessity M-12 to the parent company, National Health Transport, Inc.

National Health Transport, Inc., located at 2950 NW 7 Avenue, Miami, Florida 33127, is an existing certificate holder with forty-three (43) Certificates of Public Convenience and Necessity for nonemergency medical service. The company has the necessary financial strength to sustain its operations. In accordance with the Code, staff will monitor quarterly and annual fiscal and other statistical data on an ongoing basis.

The management plan submitted by the applicant details the business functions that will be conducted and managed, including employee/crew training, a mechanism to handle complaints, accidents, maintenance, communications and dispatch, maintenance of business records and a quality assurance program. The proposed service standards meet all requirements of the Code and adequately meet transportation and comfort needs.

The benchmark response times provided by the applicant are within the parameters of being reasonably responsive to the expectations of customers and are in line with the other providers' self-imposed schedule of benchmark response times.

A notice of the application filing was transmitted to all County municipalities and certificate holders as required. No objections were received.

The Triennial Private Ambulance Service Market Survey that was submitted to the Board in May 2011 shows that a high quality of ambulance service is being provided throughout the County and that there is no need for significant expansion of providers. This application does not constitute an expansion of the service since it only deals with the transfer of an existing ambulance certificate.

The public will benefit from the continued availability of a highly specialized, equipped and staffed ambulance service operating in compliance with Federal, State and County regulations.

Jack Osterholt
Deputy Mayor

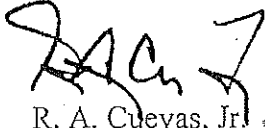

MEMORANDUM

(Revised)

TO: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

DATE: July 3, 2012
